

Poultry Meal

Export Documentation & Certificate Pack Guide

DOC-PM-EXPORT

PURPOSE

Poultry-meal export documents are shipment- and destination-specific. Mountain Apex prepares or coordinates the applicable commercial, technical and origin/health documentation required for the confirmed transaction.

DOCUMENT PACK

Technical Data Sheet (TDS)	Product / grade technical description
Certificate of Analysis (COA)	Batch-specific tested results
Certificate of Origin	Issued for the confirmed export shipment where applicable
Health / Veterinary document	Prepared according to destination and regulatory requirements where applicable
Inspection certificate	Third-party inspection can be coordinated when contractually required
Packing / commercial documents	Invoice, packing list and shipment documents according to contract

IMPORTANT COMPLIANCE STATEMENT

This guide is not itself a regulatory certificate and does not replace an official shipment document. Certificate type and issuing authority depend on the destination country, product specification, contract and current export requirements. Final copies are issued or coordinated only for the relevant shipment.
